SOCCER TEAM RANKED SECOND IN NATION

Mac's soccer team goes into tomorrow's game against Maryville College ranking second in the nation. If the team wins tomorrow it will better their chances of being seated in the finals. When asked if the players performances will be affected in tomorrow's game by being ranked second, Glon said he felt he could not really answer that yet. Glon concluded however by saying, "The guys don't want the spotlight on them."

HOMECOMING FESTIVITES BEGIN TODAY WITH SOCCER GAME

Four soccer games and two events sponsored by the soccer team highlight this week's Homecoming events.

The Homecoming week's activities start off today with the varsity soccer team taking on the Leathernecks of Western Illinois at 3 p.m. The game will be followed by a slave auction sponsored by the soccer team. The auction will help raise money for this year's trip to England. It will be held in the Campus Center at 7 p.m..

The soccer team will again start off the activities tomorrow when the J.V. squad takes on Lincoln College at 3 p.m.

The volleyball team will also be involved in the week's activities. They will play Blackburn College here at 7 p.m. tomorrow and then they will sponsor the Volleyball Invitational at 10 a.m. Saturday, Homecoming Day.

The bonfire will officially start the week's festivities. The blaze will be started on the lower field at 9 p.m. tomorrow.

The formal dance featuring "Synod" will be held the following night in the dining hall at 9 p.m.

Homecoming Day will be highlighted by the annual Homecoming soccer game against Rose-Hulman. Other events to watch for on Saturday are the band concert in the grandstand at 11:30 a.m. Pre-game ceromonies include the presentation of Alumni Awards to three MacMurray alumni and a J.V. contest against Lincoln Land Community College.

Following the game there will be an informal dinner and dance at the 4-H building.

The soccer team will close out the weekend Sunday with a team flea market at 10 a.m. on the tennis courts.

THREE POUND CHUNK OF CONCRETE FALLS FROM GYM CEILING BEAM YESTERDAY

A piece of a support beam in the Education Complex gym ceiling fell to the floor yesterday afternoon about 2 p.m. Director of Athletics Robert Gay estimated that the piece weighed two and one-half to three pounds. It was nine inches long by five inches in diameter, and about a half-inch thick.

The chunk left a small half-inch deep hole in the floor. Gay said that pieces had to be dug out of the floor with a knife. The piece landed on the left-hand border of the "lane" at the east end of the main basketball court.

When a Daily Other reporter arrived at 2:30 p.m., Director of Physical Plant Glenn Truitt was waiting for a pneumatic air-lift to arrive from Illinois College so he could inspect the ceiling.

FOOTBALL KICKOFF POSSIBLE IN 1981

An error in Friday's Other made the next-to-last paragraph of the football story unintelligible.

It should have read:

"If we did go ahead with football, I would guess that a team could be fielded in the fall of 1981," Hibma said. He added that a Mac varsity would probably have to play JV teams from other schools because schedules are made out a couple of years in advance.

SPACE INVADER TOURNAMENT-Round Robin. Sign up at campus center desk today, tomorrow or Sunday. The tounament will begin Monday. The winner will receive an IM T-shirt, and the runner-up will receive another prize.

To the editor:

Hi, I'm the Thanksgiving Turkey. You know how I acquired the name "Turkey," don't you? Because I've got sand for brains. When the farmer brought out the axe each November, I thought he was going to clip my toenails or something, not turn me into a Butterball Self-Basting! Now, on my 325th re-incarnation, I see the light. If you want turkey for Thanksgiving this year, carve up Dean Petty.

I'm sending you this letter so you can make alternate plans for your Thanksgiving feast. No more bread and sage enemas for me. I suggest you make a Spam meat loaf with Ex-Lax dressing. So long for now and forever. This year I'm watching the football games.

BACHELORS BEWARE: OPEN SEASON FOR "LEAPING" INTO MATRIMONY

Every four years when leap year returns with its 366 days, it is especially welcomed by those born on February 29; for then they can really celebrate their birth dates.

According to one writer, leap year brings "the ideal excuse for a young lassie to pop the question to the gentleman of her choice."

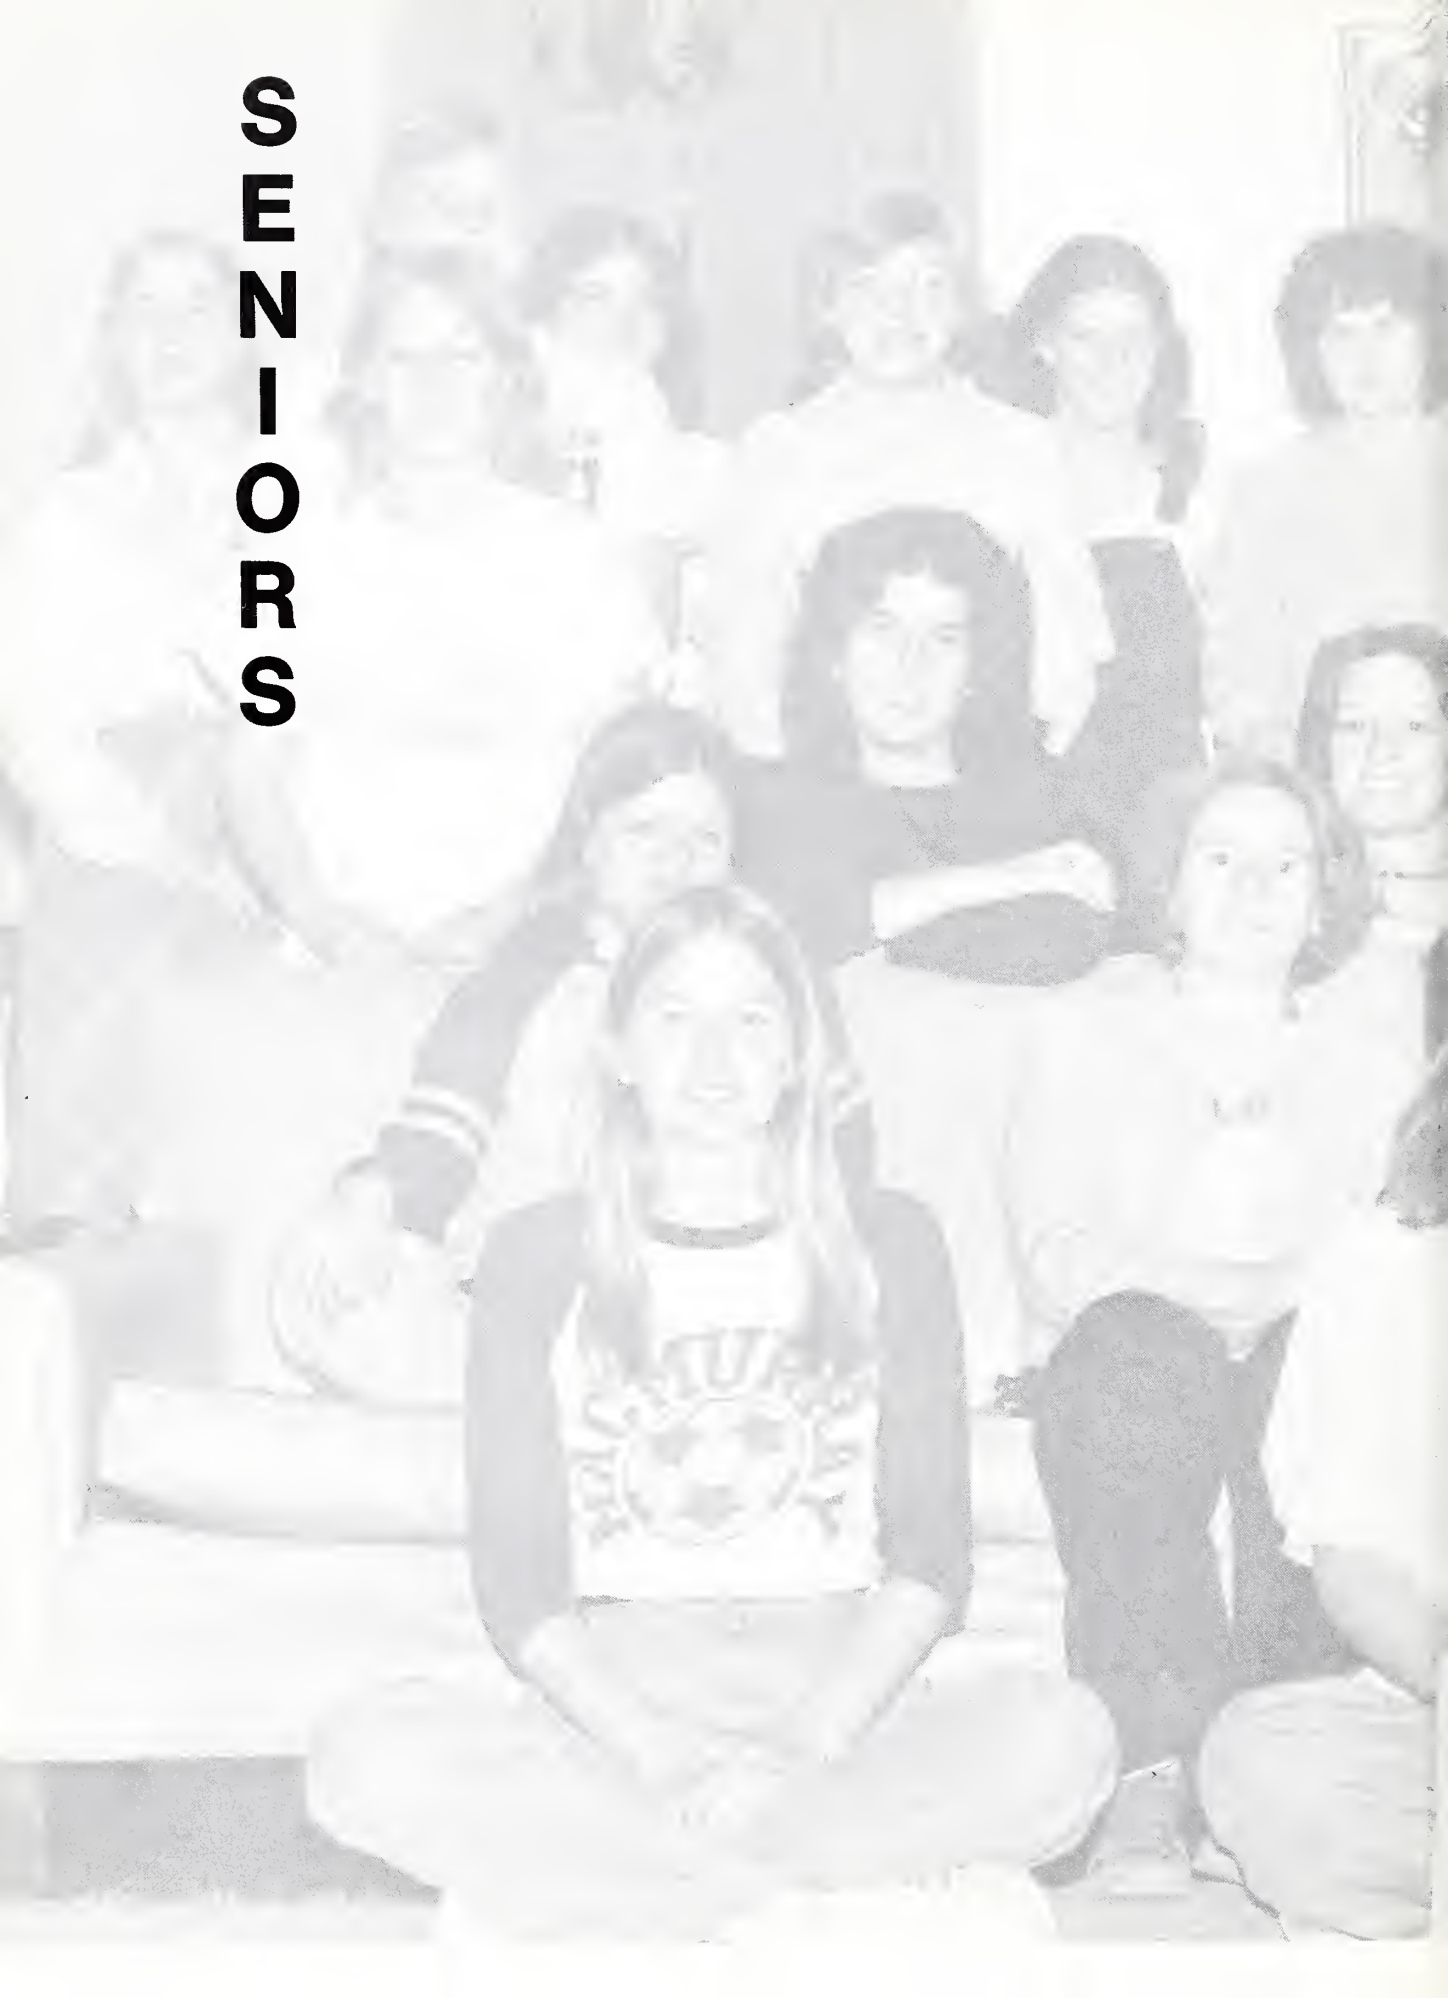
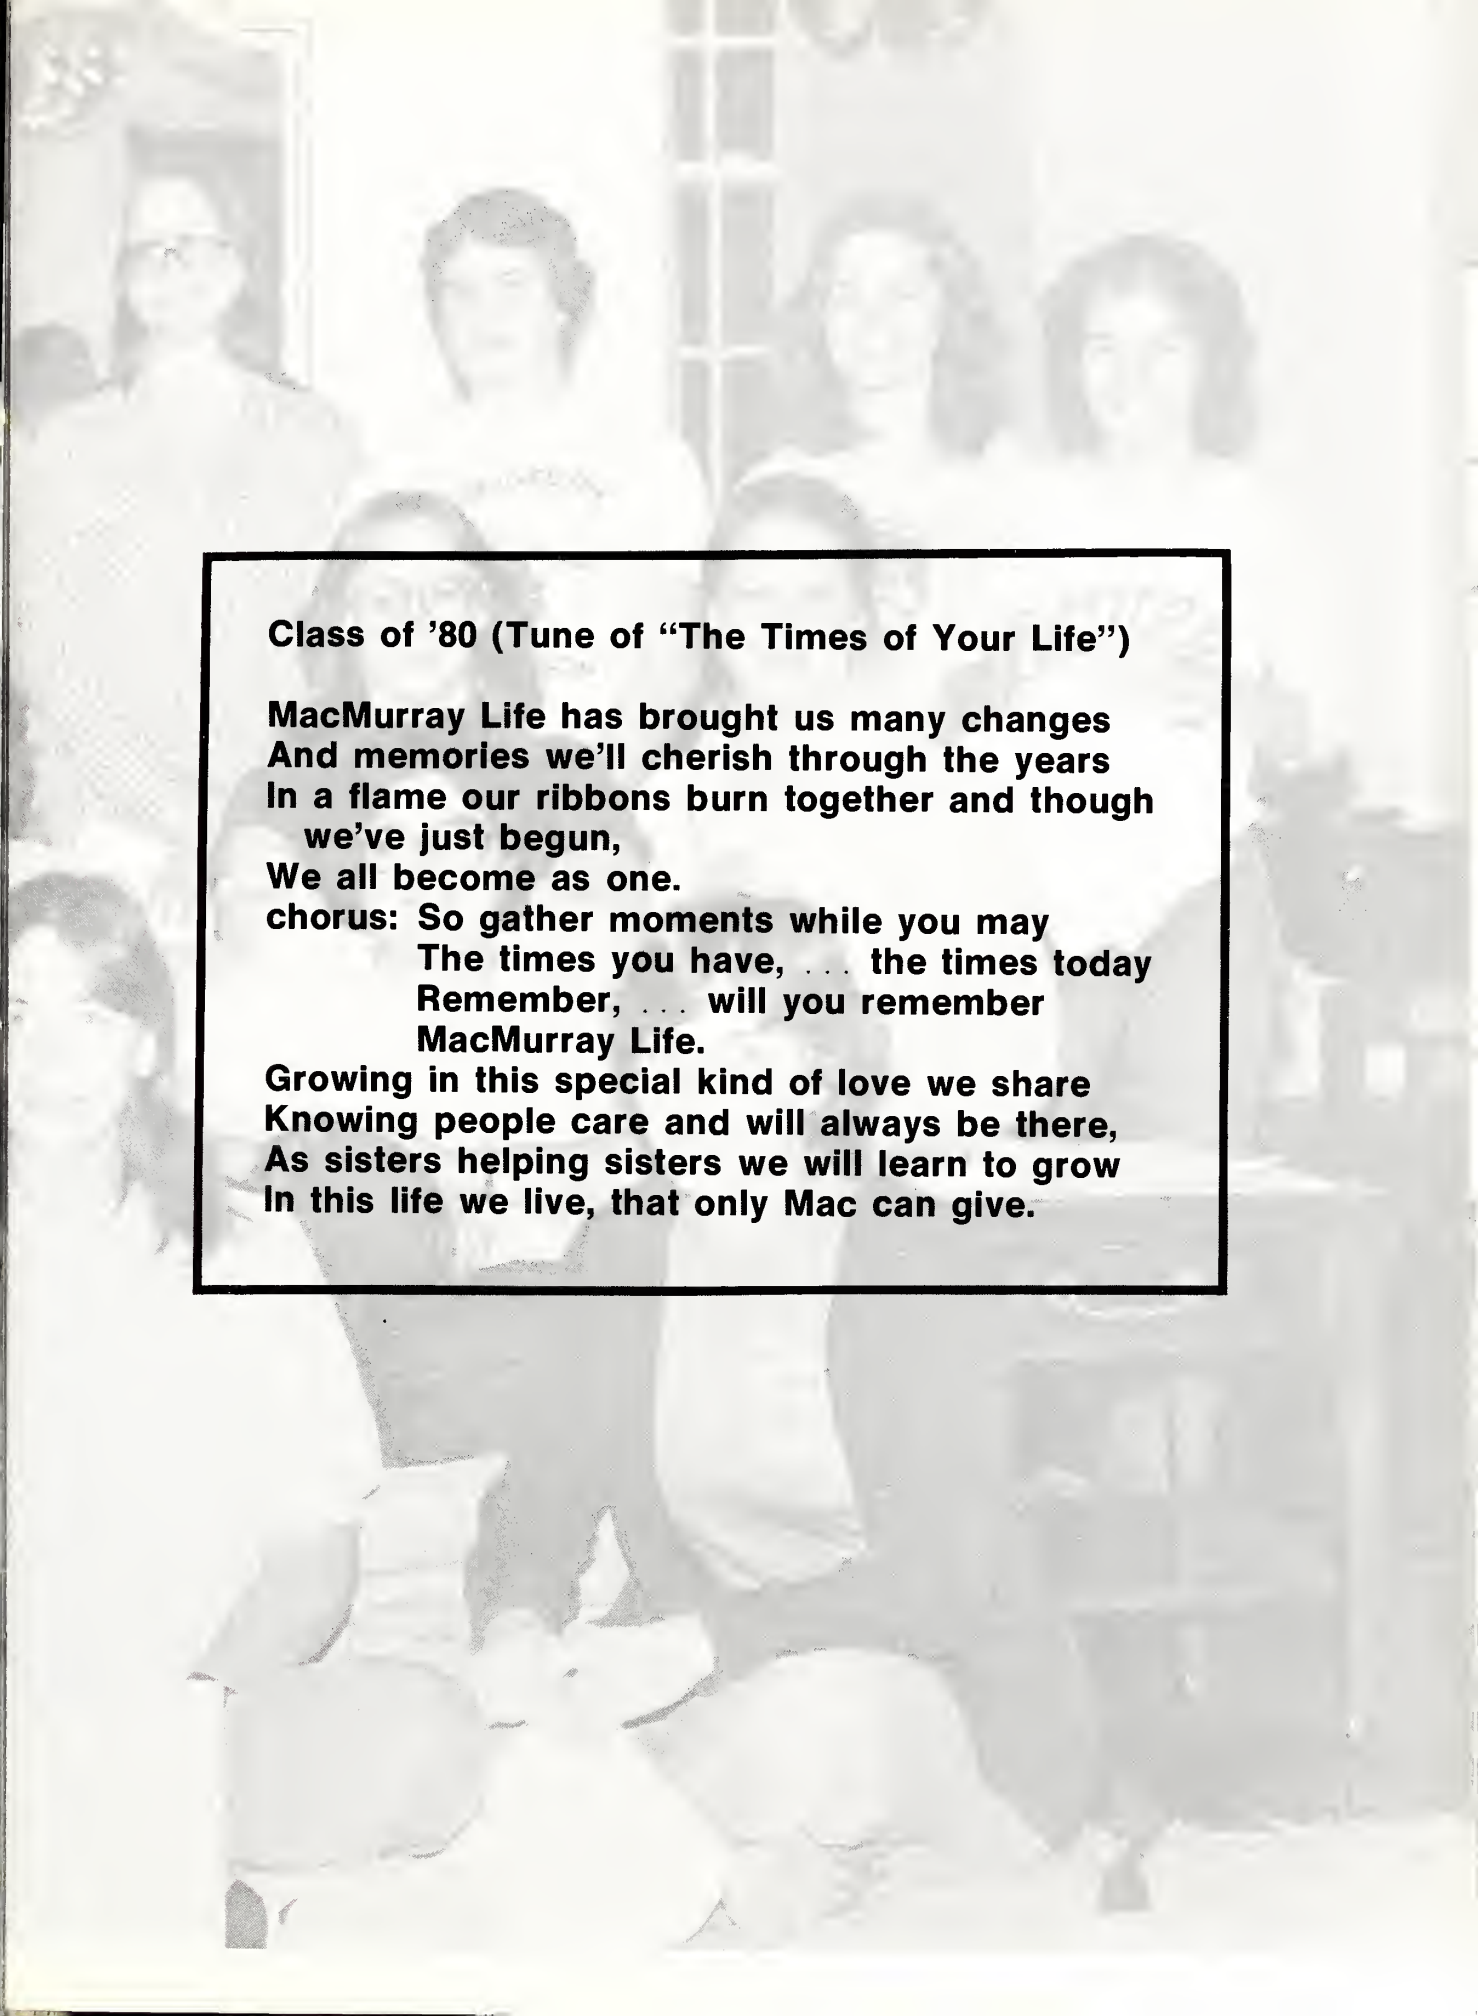
SENIORS





Class of '80 (Tune of "The Times of Your Life")

MacMurray Life has brought us many changes
And memories we'll cherish through the years
In a flame our ribbons burn together and though
we've just begun,
We all become as one.
chorus: So gather moments while you may
The times you have, . . . the times today
Remember, . . . will you remember
MacMurray Life.
Growing in this special kind of love we share
Knowing people care and will always be there,
As sisters helping sisters we will learn to grow
In this life we live, that only Mac can give.

"Oh, Seniors, we're here
This is our last year
We raise high our hearts, for soon we must part.

The friends we have gained, the memories retained
We'll cherish forever, MacMurray and you.

It's here we have molded, our motto's unfolded
To raise high our knowledge, faith and service too.

Our years here are ending, Our voices are blending
With hopes for tomorrow, as we graduate."

Our Best to You

"Our best to you, may your dreams come true,
May old father Time; never be unkind.
And through the years, save your smiles and tears;
They are souvenirs — They make music in your heart.

Remember this, each new day's a kiss
Sent from up above, with an angels' love
So here's to you. May your skies be blue,
And your loved blessed. That's our best to you.

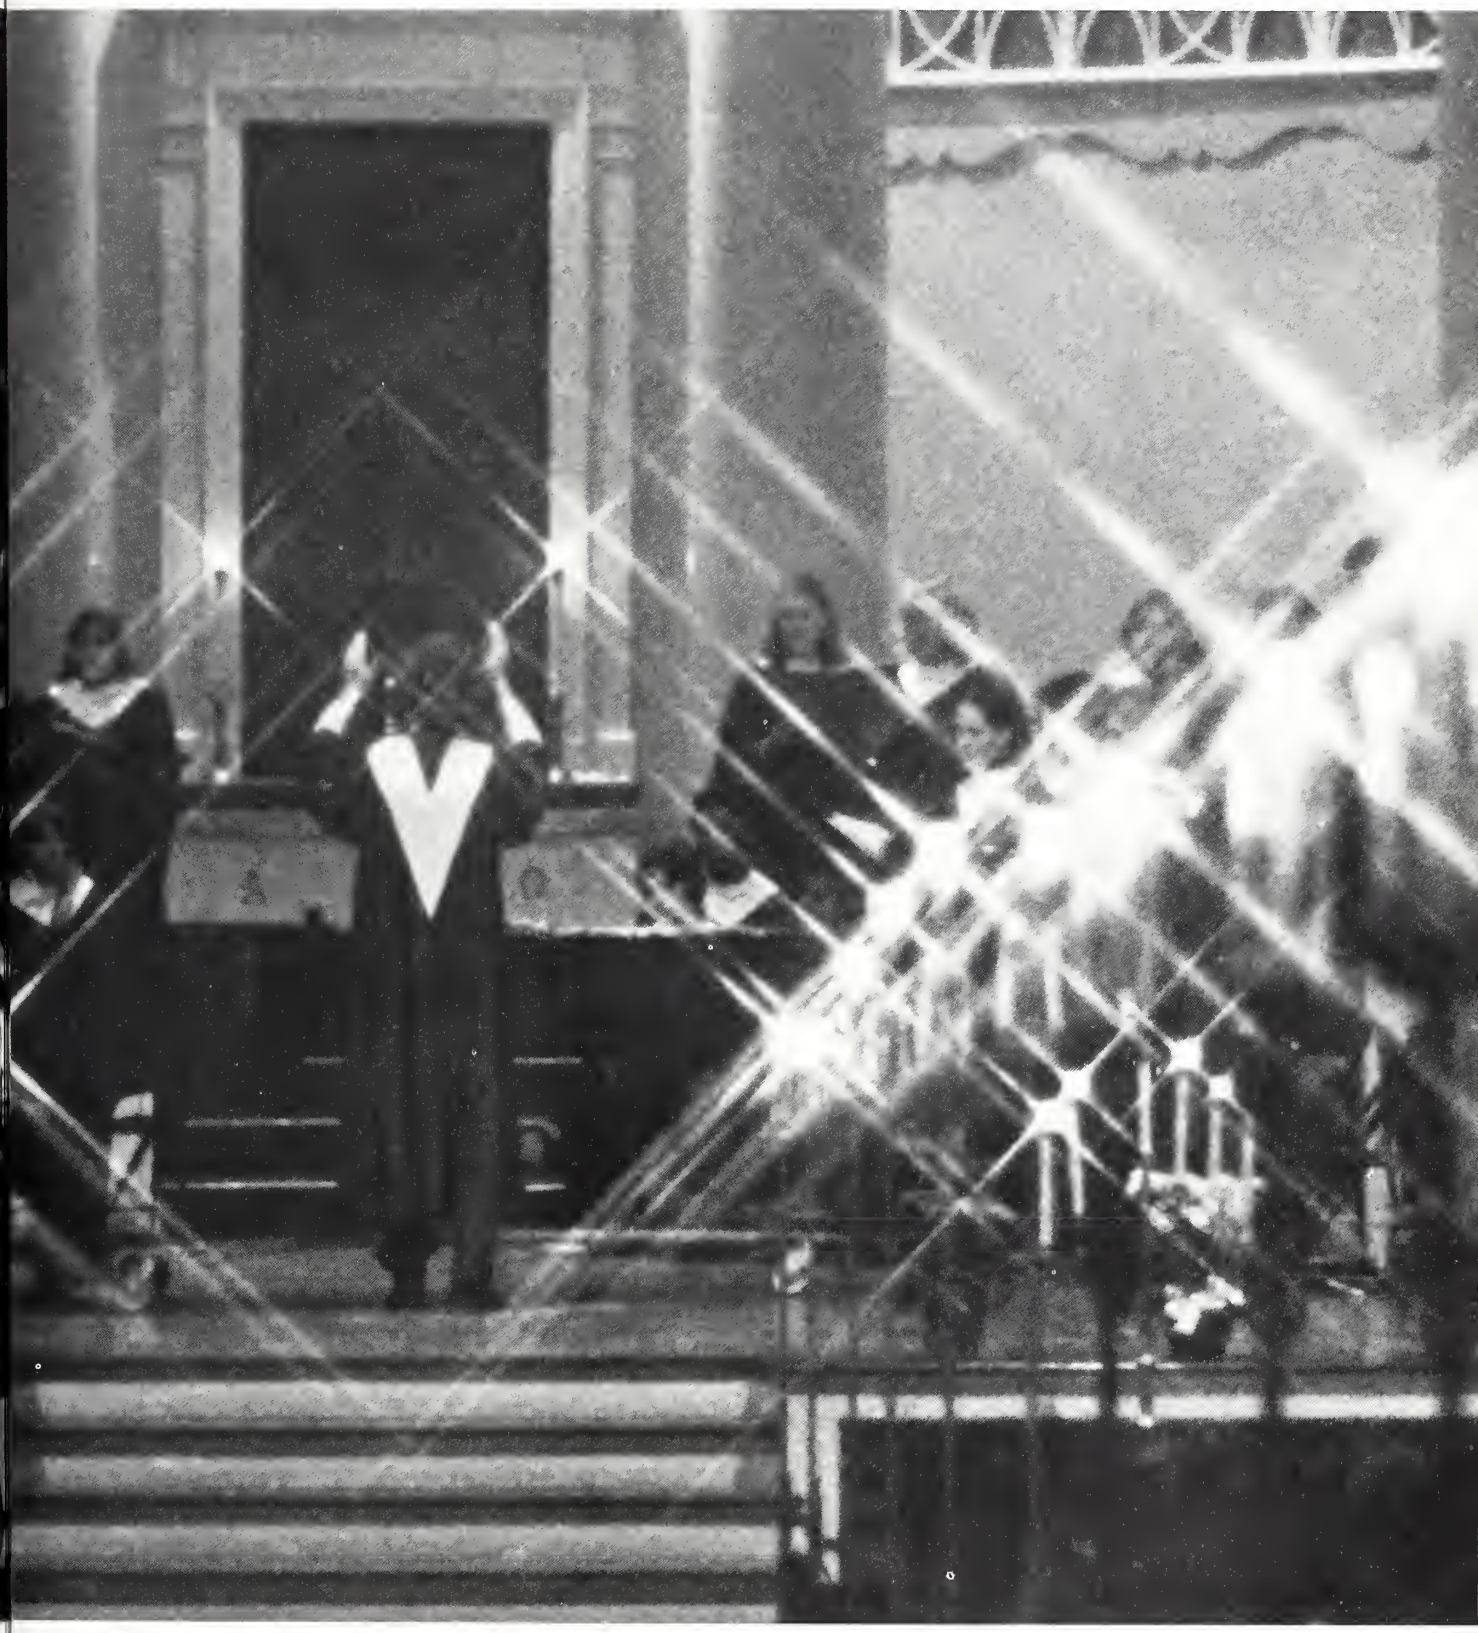
FACULTY



JOHN J. WITTICH PRESIDENT 1968 - 1980

The Class of 1980 has now joined with those who have formed MacMurray College and those who have been formed by it.

During your college years your efforts have been focused on immediate vocational and personal needs. You may have been only dimly aware of the prime purpose of the College — to prepare you for a life of intellectual expansion, rational ethical behavior, and service to others.

The belief of those you leave behind on campus is that the latter purpose has been reached. This belief is bolstered by a commitment to MacMurray's enduring standards of academic competence and personal behavior — and by an affectionate pride in you.

With those who have gone before and those who remain here, you are now bound together in a second noble endeavor, the development of the College as an instrument for human service and good.

You will review these purposes in ten, twenty, or even fifty years from now when you open this book to relive those years 1975-80 at MacMurray.

I am confident that this future reappraisal — even though it will be colored by nostaigia — will reinforce your understanding and acceptance of the value of that which is taught and learned here.

Always remember that you are MacMurray. MacMurray is you. Our faith, our hoped, and our confidence reside in you and with you as we wish you Godspeed.

Sincerely,
John J. Wittich

REPAIRS PLANNED FOR ROOF OF EDUCATION COMPLEX

(Wolfgang Hertweck, College business manager, yesterday issued the following statement.)

During the past several months an investigation has been conducted regarding defects in the design and construction of the Education Complex. The investigation reveals that the built-up roofs were improperly installed in that the roofs were not constructed in accordance with the plans and specifications. Furthermore, the roofs were designed and installed so that they lack adequate slope to drain and the masonry and parapet walls were improperly designed and were not constructed in a good and workmanlike manner.

As a result of these defects, the built-up roofs have numerous serious leaks and must be replaced. The masonry parapet walls are literally falling apart. These walls will have to be removed and replaced.

The College will replace the gymnasium roof this fall and complete the remainder of the repair work in the spring of 1980.

The law firm of Rooks, Pitts, Fullager and Poust of Chicago has been retained by the College. They are currently planning to file an action for the damages suffered as a result of the improper design and construction. However, we are willing to defer proceeding further with such an action until we can determine whether the matter can be amicably resolved.

To the editor:

The game machines located in the Campus Center offer many students the advantage to compete with friends in foosball, ping pong, pinball and billards.

Recently some individuals feel it is not necessary to offer these advantages to the entire student body. They are vandalizing the machines, and one machine has already been robbed.

Stuffing the goals of the foosball tables is vandalism. Either the abuse of these machines will stop or the game tables will be removed.

Individuals found tampering with the games will be prosecuted. Please, don't let one or two individuals ruin your enjoyment.

MISSY: I love you, sis! Me
CRISSY: Your angel says hi!
RBH:

IN A RECENT INTERVIEW, President Jackson, with beer in hand, addressed the problem of drinking in Norris. I personally feel that Mr. Jackson left out some other important problems concerning other fixtures on campus. For instance:

— Michalson's keg and fireworks confiscation problem.

— The male and female head residents in Kendall (or, would the *real* head resident please inform the other one?).

— Dr. Fuhrig's volume control problem.

— Katy Hall's incompetency contests (which, incidentally, usually end in a draw, since no one is competent enough to judge).

— Kendall's panty raid problem.

— The Trustees' management problem, which leads to climbing student costs each year.

— Freshman Experience, which, either directly or indirectly, is everyone's problem.

— The detoxification problem the whole campus (including faculty and administration) will have after January 1.

— The slight leaky roof problem in the Ed Complex.

— Katy Hall's problem with staff parking in the "no parking" areas behind Katy.

— ARA's problem with making sure food is still dead before serving it.

— The administration's ex-Head Librarian and ex-Office Services Manager problem.

— Dean Petty's "rings under the eyes" problem.

— Mrs. Riegel's rock-and-roll addiction problem.

P.S. By the way, in order to show our support for the United States during the Iranian crisis, I urge everyone to make and display signs such as "Khomeini bites the big one" or "Ayatollah is Iranian for 'a pain in the -ss.'"

COMMITTEE TO STUDY 'FACULTY CONCERNS'

IT'S AN EXPERIENCE

By David Blanchette

THE ADMINISTRATION of MacMurray College has blundered severely. They have hired a new Dean of Students who does not meet *any* of the criteria for being part of the brass at Mac. Yes, they made a colossal booboo when they chose E. James Petty to serve in their ranks.

For starters, Katy Hall has a history of ignoring students' rights. Gene Schmittgens is probably still rolling over in his waterbed about several instances where said rights have been violated in past years. All previous Administrators have had the same blatant disrespect for students' rights, but then, out of the blue, they go and hire a character that is genuinely concerned about students. It's like the Soviets always say, "Our people are perfectly happy in Siberian work camps. Why the devil do you want to give them rights?"

IN CASE you hadn't realized it, Mac has swapped rules and regulations with the grade school down the block. We're not allowed to be seen in the same room with a member of the opposite sex after a certain time or drink certain types of beverages, while they take mass coed naps and quaff milk like it's going out of style. This new rebel-rouser they hired seems to think rules should apply to the persons who live under them. How naive can you get?

FINALLY, Dean Petty is lacking in the equipment department (dirty minds — I know what you're thinking!). He's not equipped with a "stop" button for his tape recorder upstairs, like the other Katy Hallers. His recorder constantly runs, and records all those silly little complaints and suggestions those $5,000-a-year pawns make. The brass really goofed on this one.

But really, folks, if you want to see what a royal blunder the Administration has made in acquiring this character, go and see him for yourself. You too will see that he doesn't resemble the Katy Hall mold at all.

No, we freshmen are not confused. It's just that instead of being led around like sheep, maybe we would like to start some traditions of our own. After all, they have to get started sometime.

To you concerned residents of Jane Hall, who sit upon your traditional throne and spew out traditional opinions which nobody (traditionally) listens to: If you read Thursday's Other, you would have noticed that our panty raid was just a warm-up for the real one (when the snow falls, of course!).

So fear not, sit back in your tradition-filled Jane Hall and be confident that we freshmen have every intention of keeping up with your precious tradition. And to all you lovelies over in Kendall, especially you Sugar-Babies, be prepared for us when flakes of snow usher in the full-scale attack (and have your shower caps ready!).

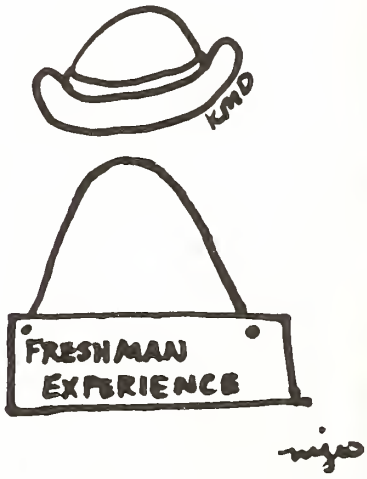
FACULTY FLUNK IN FRESHMAN SOFTBALL

Despite the playing of President Wittich, Dean Andrew Eickhoff and Admissions Director Chuck Wharton, and despite a controversial home run by Prof. Russ Geiger, the faculty lost to the freshman class in a Monday afternoon softball game, 4 to 2.

The freshmen had 15 players, while the faculty fielded 11.

FOOD SURVEY--The MSA Food Service Committee will hand out surveys about the food service at the entrance to McClelland Hall at all three meals today. "This is your chance to choose," states the committee. "Don't blow it."



LAMONT--Just, just go away from me! P.S. Just follow the signs.

MARGI--You dummy, they're in my eyes!

HELEN--Talk to any doctors lately?
